This Certificate of Added Qualification (CAQ) denotes that

Louise Brask

has successfully completed all of the course requirements. Hands-on demonstration and next steps of the antineoplastic administration competency process are determined by individual institutions' policies and requirements. The holder may identify as "holding the ONS/ONCC® Chemotherapy Immunotherapy CAQ" or "being ONS/ONCC Chemo/Immuno Credentialed." Note that this CAQ is neither a professional certification nor licensure. Please avoid misrepresentation..

The Oncology Nursing Society (ONS) is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

This certificate must be retained by the licensee for a period of four years following the completion of this educational activity.
